

6. How to schedule a specialized consultation

Your general practitioner must write a prescription in order to **schedule a** specialized consultation.

In Florence, you also have to call the Booking Centre, “**Centro Unico Prenotazioni**” (**CUP**), phone **055 54 54 54**. Alternatively, you can ask pharmacies and volunteer associations that act as CUP.

If you are not able to attend a scheduled consultation, you have to cancel it; otherwise, you would have to pay for it anyway. You can call CUP also to cancel appointments.
